

TERMS & CONDITIONS

Client Agreement

Nothing moves forward until this is signed. Clear scope, deliverables, timeline and terms, so both sides know exactly where they stand from day one.

STUDIO	CLIENT	REFERENCE	DATE
PJM Studio	Divine Align Healing	PJM-2026-001	10 September 2026

This agreement is made between PJM Studio ("the Studio") and **Divine Align Healing** ("the Client"), dated 10 September 2026.

01 Scope of work

The Studio will design and build a bespoke website for the Client as set out in the agreed brief: a calm, custom-coded site covering the pages, brand system, integrations and SEO described in that brief. Any work falling outside this scope will be quoted separately and approved in writing before it begins.

02 Deliverables

The following will be delivered:

- Custom-coded website (Next.js and TypeScript), responsive and mobile-first
- Seven pages: Home, About, Services, Corporate wellbeing, Blog, Reviews and Contact
- Full brand and design system built from her palette, in a calm, brushed style
- Google reviews integration with live rating, plus a link to her full profile
- WhatsApp enquiry as the primary contact route, with a contact form
- Instagram and Facebook integration, with share-ready social meta
- Blog with a local editing setup for ongoing posts
- On-page and local SEO, and deployment to the production domain

03 Timeline

Estimated delivery is a maximum of 2 weeks from the kickoff call, provided copy and assets are supplied promptly. Delays in Client feedback or materials move the timeline accordingly.

04 Payment

Total project fee: **£825**. A 40% deposit of **£330** is due to secure the slot and begin work. The remaining 60%, **£495**, is due on completion, before the site is handed over and pushed live. Payment is by bank transfer or Stripe link. All invoices carry the reference PJM-2026-001.

05 Ongoing care

Once the site is live, the Client is enrolled on the PJMJ Care Plan at **£40 per month**, billed via Stripe from the launch date. The plan covers:

- Hosting, DNS and domain management
- Security patches, dependency updates and backups
- Uptime monitoring and priority support
- Ongoing site updates and content tweaks
- Publishing and updating blog posts
- Building and running Meta (Instagram and Facebook) ad campaigns
- Maintaining and updating the booking system once it is in place

Anything beyond the above, or any new feature or larger piece of work, is quoted and invoiced separately before it starts. The plan runs month to month and may be cancelled by either party with 30 days written notice.

06 Revisions

Two rounds of revisions are included at the review stage, with any further rounds also provided free of charge. Revisions cover refinement of agreed work, not new scope.

07 Responsibilities of the Studio

The Studio will deliver the work to a professional standard, keep the Client updated at each phase, and provide full handover documentation on completion.

08 Responsibilities of the Client

The Client will supply all copy, images, logins and brand assets by the agreed dates, and provide consolidated feedback within 5 working days of each review. The Client confirms it holds the rights to all materials supplied.

09 Ownership

On receipt of final payment, full ownership of the completed website, its code and all assets created for this project transfers to the Client. The Studio may feature the completed work in its portfolio unless agreed otherwise in writing.

10 Hosting

The live site is hosted and managed by the Studio under the Care Plan until further notice. The Client's domain remains registered in the Client's name and control. Should the Client leave the Care Plan, the Studio will provide the complete codebase and a short guide to redeploy elsewhere.

11 Termination

Either party may end this agreement in writing. Work completed up to that point is chargeable and the deposit is non-refundable.

12 Agreement

By signing below, both parties confirm they have read and accepted the terms set out above.
